

BUILDING AND GROUNDS INSPECTION

A periodic inspection of buildings and grounds will be conducted by the Agency Administrator. The Administrator will order immediate corrections to any items which endanger the health, safety and working conditions of employees or the general public in accordance with other Board policies.

The property/liability insurance carrier and fire department may conduct yearly inspections of building and grounds. Corrective action will be taken to items mentioned which endanger the health, safety and working conditions of employees or the general public.

Tentative Approval: March 2, 1988

FINAL APPROVAL: July 6, 1988

Revised and Approved: April 30, 2003
